A Prayer Guide for our Country

1. Pray that God's people would feel the need to engage the culture and be involved in government just as Jesus taught. (Matthew 5:13 - 16)
2. Pray that God would give us godly men and women as leaders who fear the Lord and honor Him. (Proverbs 29:2)
3. Pray that God would give us leaders who value America as a beacon of hope and freedom for the entire world (Proverbs 8:15 - 16)
4. Pray that Americans of faith would learn the truth about elected officials' positions on important issues.
5. Pray that God would help all Americans realize that where elected officials stand on key issues is far more important than the party to which he or she belongs.
6. Pray that Christians in America continue register and vote in upcoming elections. (Matthew 22:21)
7. Pray that Americans of faith will continue to vote their values instead of their political party. (2 Chronicles 19:2)
8. Pray that God would make the choice between candidates clear as voters weight candidates and their positions with biblical values.
9. Pray that the Lord would protect the election process both nationally and locally from dishonesty and fraud. (Proverbs 20:23)
10. Pray that God will bless your efforts to engage our culture and claim it for Christ. Remember only you can elect your future!
